

# Extraction Nozzles for High Vacuum systems

Extraction nozzles for high vacuum systems. All nozzles can be connected to a balance arm, magnet or suction bases.

## CWN-S with silencer

Coated in aluminium with integrated silencer. Noise reduction compared to standard nozzles 9 dB(A).

|   | Model   | Nozzle Ø, mm (in.) | Connection Ø, mm (in.) | Part no. |
|---|---|--------------------|------------------------|----------|
| 1 | CWN-S 105/40                                      | 105 (4)            | 40 (1.6)               | 40290330 |
| 1 | CWN-S 105/50                                      | 105 (4)            | 50 (2)                 | 40290230 |
| 1 | CWN-S 105/63                                      | 105 (4)            | 63 (2.5)               | 40290240 |
| 2 | CWN-S 105/50L, with flexible steel tube extension | 105 (4)            | 50 (2)                 | 40290270 |

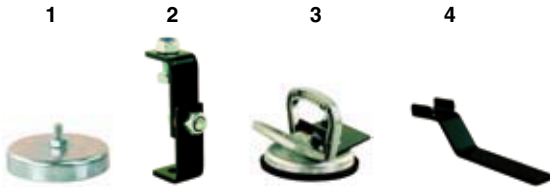

## FWN-S fish tail

General purpose nozzle that must be combined with nozzle extension when used with balance arm.

|   | Model      | Nozzle Ø, mm (in.) | Connection Ø, mm (in.) | Part no. |
|---|------------|--------------------|------------------------|----------|
| 3 | FWN 200/50 | 200 (8)            | 50 (2)                 | 40290110 |
| 3 | FWN 400/50 | 400 (16)           | 50 (2)                 | 40290120 |

## Accessories for welding nozzles

|   | Description   | Part no. |
|---|---|----------|
| 1 | Magnetic base suitable for all nozzles. Ø 100 mm (4 in.)  | 40290170 |
| 2 | Nozzle extension. Used to extend the nozzle upwards. Fits all welding nozzles. Note: Must be used on FWN nozzles if fitted to balance arms. Height 100 mm (4 in.) | 40290200 |
| 3 | Suction base suitable for all nozzles when working with non-magnetic materials. Ø 115 mm (4 5/8 in.)  | 40290180 |
| 4 | Handle CWN-S. To be fitted between extension nozzle and balance arm   | 40070420 |
