Ex approved Hose Reel Series 886

Series 886 Ex is a hose reel with large hose capacity for heavy duty industrial use. It is constructed for environments where high hygiene and corrosion resistance is required. All components are made of stainless steel and conductive composite material. Approved for use in Ex zones 1, 2, 21 and 22 in accordance with ATEX 94/9/EC, Equipment group II, Category 2G D.

Use for	Max. working pressure, MPa (psi)	Distribution hose		Connection hose		Hose material	Hose type (see end of chapter)	Weight, kg (lbs.)	Reel with hose Part no.	Reel without hose Part no.
		Int. Ø, mm (in)	Length, m (ft.)	Int. Ø, mm (in)	Length, m (ft.)					
Air/Water	2.0 (290)	12.5 (1/2)	25 (82)	12.5 (1/2)	1 (3)	Rubber	M	28-34 (62-75)	30804686	30804786
		19 (3/4)	15 (49)	19 (3/4)	1 (3)	Rubber	M	28-34 (62-75)	30804886	30804986
