## Welding Fume Extraction Package

Reliable, easy to use and easy to install.

The NEX MD is the ideal solution for medium to heavy duty applications. Combined with the 1 hp N24 fan and wall bracket you get exceptional fume extraction at an exceptional price.

- Heavy-duty swivel - allows 360° rotation
- Perfectly balanced and simple to position
- Encapsulated support mechanism protects the arm against dust and dirt
- The design of the hood ensures very high capture capacity and low noise level
- The hood can be tilted in all directions
- The hose is easy to remove for cleaning

Package includes:
